

MACH 1 FC Announces Strategic Partnership with Wide World of Indoor Sports

Proven Club Environment + Proven Facility Management = The Complete Player

North Smithfield, RI— June 2, 2022 — MACH 1 FC announced today its strategic partnership with Wide World of Indoor Sports (wideworldofindoorsports.com), creating the only youth soccer club in Rhode Island developing the 4 through 18 years old soccer player backed by a dedicated and professional facility company. This unique combination of indoor facilities, premier club programming, and outdoor fields allows for unlimited possibilities and opportunities for the MACH 1 families.

“MACH 1 FC, closing out its fifth year and even through COVID, has enjoyed remarkable growth and success developing youth soccer players with technical ability, tactical skills, work ethic and integrity. The partnership with Wide World is a huge development for our families without giving up our performance environment and the club culture we have worked so hard to build over the past five years.” said Rob Bonnell, Director of Soccer Operations (formerly President of MACH 1)

“Wide World is excited about the opportunity to partner with MACH 1 and Rob Bonnell. Wide World and Rob have worked very successfully together for upwards of 13 years. This partnership will allow MACH 1 to become the premier soccer development program in Rhode Island and southern Massachusetts for years to come.” said Dan Fawcett, Managing Partner, Wide World of Indoor Sports.

The Next Step in developing the “Complete Player”

The premier program of MACH 1 has grown organically not by leveraging a town association or breaking away from another soccer club but by creating an environment and culture in which the youth soccer player is the real focus and thus allowing them to thrive and work towards becoming the “Complete Player.”

The “Complete Player” adheres to Performance follows attitude Model! Developing players with the right attitude must start early to give them the strong work ethic and enthusiasm that will help them develop into intelligent and committed older players.
